### Annexure II

### Features of Alumni Platform

**E-Publishing:** This is one of the most unique features in the world. It is a media publishing platform, where any media or content related to the institute can be shared, by the institutes themselves. This media is sharable on social networks and holds tremendous potential to engage the long lost alumni and provide a strong digital presence to the institutions. Our expert team works closely to assist institutes in creating the content.

Admin Area: This is an automatic administrator tool to ease alumni management and letinstitute experience the power of rich alumni network. The administrators of the platform (Administrators are the Heads of Institute or Executives of Alumni Association) will be having following controls in the platform:

- a) Monitor all the activities by the members of College community on the platform
- Automatically update Alumni Database, by fetching updates from existing social media accounts of the alumni
- c) Broadcasting information to all the members of the community
- d) Rights to restrict approve or disapprove members or content in the platform.
- e) Send personalized bulk mails to thousands of alumni, in just few clicks.

Job Portal The portal is designed to analyse the relevant job vacancies in the organizations, worldwide, and seek referrals from the alumni working in the respective organizations for potential students job seekers. This process is totally automated and does not require any moderation or human interference and is also simple to use by the alumni.

Automated Mailing: We have developed a very powerful mailing tool with which the institutescan send personalized bulk mails, eliminate the inactive email ids and keep a track of mails that are opened as well as the click rate of the links in the mail.

Alumni Directory: AlmaShines platform offers a powerful tool to search the alumni based onvarious filters, like City they live in, Company they worked at, Courses they studied and Year they graduated in and extract the filtered list in the format of Excel.

Peer-to-Peer Invite: On AlmaShines, users can invite their friends and classmates with a click. The users can send invitations via Facebook. E-mail or even Whatsapp. With this, we intend to provide an ease to our user in spreading the word for the Alumni Network and add prosperity to the network.

A-706, Siddhivinayak Towers, S.G.Highway, Ahmedabad 380051

Phone No.: +91 7874971637

Secure Encrypted Database: All the database provided to AlmaShines by the Institute arestored in an encrypted format, which means it makes the data humanly inaccessible and can only be accessed by the administrator by using the security key.

Alumni Groups: The target based alumni groups allow contextual interaction among the alumniand ensuring great participation and engagement of alumni on the platform.

Events Planning & Ticketing: This feature helps the institute to plan and organize college aswell as alumni events, It will facilitate the college in inviting alumni, involving them in discussions, knowing their preferences, taking their RSVPs or even getting them registered and more, all with just a few clicks. Also, for the paid events, platform has an integrated payment gateway, that allows the institute to offer online registration.

Alumni Authentication: Membership of a particular college alumni association is strictlyrestricted to the alumni of the respective college in order to ensure privacy and exclusivity. For the purpose, we have built up an extremely robust and unique authentication protocol which can automatically authenticate the users who are registering themselves as the alumni.

Absolute Responsive Interface: Most of the people are currently willing to access the websiteson their phones or tablets, but most of the websites get distorted or take an unorganized look when accessed through phone or tablet.

With our ultra-modern technology, we have made our platform absolutely responsive, which means, the alumni get the same amazing experience on all the devices i.e. on Desktop, Tablet and Phone.

Integrated with Social Media Channels: The platform is integrated with all the social mediaplatforms, which allows institutions to manage all social media channels via a single point
