Day 1

To advance faculty knowledge and skills, Kashi Institute of Technology has planned a five-day Faculty Development Program on "Entrepreneurship, Research Methodology, and Patent" from July 25th to July 29th, 2022.

Hon'ble Kashi Institute of Technology Director Dr. Gaurav Sinha, Hon'ble Kashi Institute of Pharmacy Director Dr. Auhutosh Mishra, Hon'ble Deputy Director Dr. AK Yadav, Hon'ble Dean Academics Dr. DM Srivastava, and Hon'ble Key Speaker Dr. Chitrasen Gautam officially opened the FDP.

Dr. Chitrasen Gautam, Assistant Professor, MGKVP, gave the opening remarks. He gave his presentation on how to start a business. He explained the differences between a business, an entrepreneur, and entrepreneurship. Instead of taking one job, this session's main goal was to create 100s of jobs.

REPORT – DAY 2

Dr. Kumar Sonu, the department head for the mechanical department, spoke during the opening session of Day 2. He took the lecture on "Research Methodology" and other important research-related topics. He also discussed the dos and don'ts of research paper writing. This session's major goals were to discuss the most important aspects of research and what safety measures should be taken by researchers when drafting research papers. He also stresses the need of bibliography, references, and citations. For the fortunate listeners who were present, it was a really enlightening seminar.

Dr. Rupesh Singh, Head of the Department of Humanities and Sciences, led the second session of the day. His session's theme was CO-PO attainment and its mapping. Brief Cos & Pos explanations were the major goal of the session. Along with answering all of the audience's questions and demonstrating its accomplishment and mapping to the faculties, he also showed it.

REPORT – DAY 3

On the third day, the first session was taken by Dr. Kumar Sonu, Head of department of Mechanical, Kashi institute of Technology, he addressed the research tool “Scopus”..

The evening session of day 4 is taken by Dr. Kumar Abhishek faculty of Business Studies, discussed about the Entrepreneurship, its emerging needs, various innovative ideas for being an entrepreneur, skills required to be developed for a successful entrepreneur, difference and relation between the words entrepreneur, entrepreneurship and enterprises.

REPORT – DAY 4

On the fourth day, the first technical session was addressed by Prof. Dr. Kumar Abhishek Sir, faculty of Business Studies, discussed about the Entrepreneurship, its emerging needs, various innovative ideas for being an entrepreneur, skills required to be developed for a successful entrepreneur, difference and relation between the words entrepreneur, entrepreneurship and enterprises. The main focus of this session was to clarify the concepts of manager and entrepreneur, along with the techniques of conversion of mentality of the society from a job seeker, i.e., an employee to a job provider or blooming entrepreneurial which was followed by a well interactive quizzing and poll session. The session provided a wonderful learning and experience to fortunate listeners present over there.

The another session was lead by Dr. Rupesh, Head of Department of Humanity & sciences, discussed about the Course Objective – Program Outcome (CO – PO) & its attainment.

REPORT – DAY 5

On July 29th, KIT Varanasi organized the five days Faculty Development Programme in which expert and dignitaries of respective field shared their views on “Entrepreneurship, Research Methodology & Patent writing”.

The first session of the FDP was addressed by Mr. Pravin Dubey, executive director of Lakshya. He discussed the criticality of plastic waste management and segregation of waste at source. He acknowledged us about the usage of waste material in different articles. He also emphasis on individual efforts are essential for a big change. The session was too awakening about environment.

The second session of the day was addressed by Dr. Amit Tyagi associate professor at IIT BHU on self exploration. He acknowledged the need of happiness and self love is essential for all beings. Along with, he demonstrate the limited desire of an individual can be fulfill simply by self exploration and mental health. The session was wonderful and help all the participant to admire there self-more often.

“National Workshop on “Research Methodology and Quantitative Data Analysis Using SPSS and AMOS” from 23rd Dec. to 28th December 2019.

The one week National Workshop on “Research Methodology and Quantitative Data Analysis Using SPSS and AMOS” from 23rd Dec. to 28th December 2019 was organized by Kashi Institute of Technology, Varanasi. The Secret of economic development has been persistent quality research, it unfolds new truth for any topic. Research is key factor for innovation and development. This workshop was intended to equip participants with basic & advance data analysis skills using SPSS and AMOS Software. Tailor made guidance provided to the participants regarding their specific researches and problems which they encounter during preparing their doctoral thesis and research work. In this workshop faculty members academicians and dignitaries participated from all over India .

Dr. Tanuj Nandan, a Professor at Motilal Nehru National Institute of Technology (MNNIT), Allahabad an eminent researcher and scholar from Faculty of management Studies discussed research methodology elaborately. He presented the whole procedure of research methodology in a very interesting way making the session interactive. Dr. Shailesh Kaushal, an Assistant Professor at the Department of Business Administration, University of Lucknow has explained the methods and process in statistical software such as SPSS, AMOS and gave a detailed description about how data are analyzed in research methodology. He made use of various statistical tools to unearth the formatted and intended output of the research procedure. He also demonstrated the process of data analysis practically by using Microsoft Excel sheets. At the end of workshop, a smile was seen on the faces of all participants hearting a feel of having learnt something new and exciting they had expected from this workshop. On the whole, we can say that the seminar was well organized and successful.

It is our pleasure and privilege to arrange and attend such type of seminar and workshop on the regular basis which enable us to enhance and update our knowledge.
