**Importance:** Normal

Hi Ashutosh Sir,

Good afternoon!

We discussed with our management for this weekend internship proposal. The candidates are allowed to take weekend internship but we will not be able to issue official internship letters to them individually unless they join full time internship. This pre-employment internship is a must for each and every candidate so that they are well trained and recognized amongst their peers right from day one of their official employment. Please confirm if they will be able to join us from February 21<sup>st</sup>, 2020.

Looking forward to a successful engagement with the freshers!

Thanks,  
Raushani

Dear Ms. Raushani,

As per the communication, you can start the selected students training on every Friday and Saturday. Monday to Thursday, students are busy in college academics.

Request you to release a mail for joining from this Friday, which is compulsory for all selected students. Their presence would be considered as an employee for every Friday and Saturday till training duration.

Regards

Ashutosh Kumar

Hi Ashutosh Sir,

Hope you had a great weekend!

Following the KIT on-campus recruitment drive and skype interactions with our team in US, we are pleased to inform you that the list of candidates given below have been considered to be taken ahead. They are requested to get NOCs, approved by the institute and start internship at Seceon Inc. They will be stationed in our Engineering Centre at Awaleshpur in Varanasi with effect from 02/05/2020, Wednesday. They are required to report to the person in charge, **Raushani Singh (phone No. +91-8887519280)** for orientation and subsequent placement on this day.

The terms of engagement during internship are as follows:

1. Reporting Time: 10:00AM from Monday to Saturday.
2. Non-paid
3. Period of Engagement: 4 to 6 months
4. Chain of Command: Beside the team supervisor, you will be directly reporting to the Centre Head, Mr. Madan Mohan Pandey.

**You will be working as an Intern, Software Engineering focused on learning following area of expertise: Data Engineering, Fast Big Data Platform, Machine Learning, Automation and cyber threat modelling and validation.**

The list of candidates:

1. Rahul Mishra
2. Chandani
3. Karan Mishra
4. Shipra Yadav
5. Harsha Srivastava
6. Garima Singh
7. Mayank Mishra
8. Ankit Mishra

9. Akshay Singh

I am excited to offer this opportunity to you and looking forward to your diligent effort in leaning and being a productive member of team for long term association. Considering your respective performances, your offer letter for paid employment will be issued around the closure of this internship in May, 2020, following which your association as a regular Seceon salaried employee, will commence from July 1<sup>st</sup>, 2020.

Congratulations and best wishes!

**Have a wonderful day!**

Hi Ashutosh,

Hope you are doing well!

I would like to thank you along with the entire leadership & management team at Kashi Institute of Technology, for the warm welcome and cooperation in the recruitment process so far. We are delighted to share the official list of the selected students:

1. Vijay
2. Chandani
3. Rahul Mishra
4. Garima Singh
5. Harsa Srivastava
6. Mayank Mishra

Please help us with their skype IDs for conducting their interaction with the US team.

Additionally, we have had 3 of the candidates who did not clear up the mark, but their attitude suited the team. We would like to give them a second chance, and they are invited to the Seceon's office in Varanasi on January 11th, for their re-examination on the areas pointed out by the recruitment team to them during the interview:

1. Ankit Mishra
2. Karan Mishra
3. Akshay Singh

We wish all the luck to the candidates and are very much looking forward to the future with them as well as the institute. Please let us know in case of any issues or questions.

**Have a wonderful time ahead!**

## **About Value Prospect Consulting:**

At Value Prospect, our people constantly challenge themselves and increase their skills through Value Prospect training programs and certifications. By delivering projects worldwide, we have gained deep insight and expertise into how technologies can be applied to help customers realize business results. Our technology experts and consultants weigh in on current trends, new and emerging business drivers and how those drivers are meeting those market challenges.

Value Prospect, a leading provider of B2B demand generation services, we help our clients create pipeline and accelerate revenue by identifying, profiling, nurturing and connecting with the right decision makers within their targeted customer and prospect accounts. VPC services include custom, targeted B2B contact lists; account profiling and competitive research; phone-based lead nurturing campaigns; appointment setting services; inbound lead generation qualification; and CRM database cleansing. We deliver high quality, cost effective services and programs, tailored to address each customer's unique requirements. VPC has a proven track record of helping some of the world's largest technology companies drive revenue.

### **Specialties:**

Contact Discovery /Custom-Built B2B Contact Lists, Account Profiling, Competitive Intelligence, Lead Generation, Event Promotion, Appointment Setting, CRM Data Cleansing, Contact Verification, Data Appends

Value Prospect was founded in 2011, and today we are the company that provides end to end services from Database Marketing, Demand Generation, and Digital Marketing. Being a direct marketing services company, we are the pioneers in customer profiling in Asia. We have the best quality benchmarks in the technology sector and have been the pioneers in their information management.

We offer a widest variety of integrated, multichannel, data driven solutions for top brands around the globe. We have a focused coverage for identifying prospects in industry as our database is the largest. The data is enhanced by our experienced professionals who transform the enormous amount of data collected daily in to decision ready insight. We don't give estimates but actual data with maximum coverage and a high accuracy level which enables you for high prospecting.
