Mentor-mentee Report

B.Tech 1st Semester

Session 2023-2024

Class-wise mentor and mentee list is prepared and minimum 20 students under one mentor are allocated for overall assessment and guidance. Faculties of department of applied science & humanities resolved most of the problems regarding class assignments, class test, non-availability of books in the library, transportation, ERP related errors and projectors.

We create a group of weak students and conduct remedial classes and personal assessment for them. At the end of the session, a final assessment was done that the maximum problems were resolved.
