7.1.7 Policy documents and brochures on the support to be provided

College Policy towards the disabled people

Physical infrastructure including buildings, lifts, tactile paths/ramp path facilities and services in the building/campus are barrier free. No person shall be discriminated on the ground of disability. Right to equality and right to confidentiality of information are protected. Appropriate assistive tools are provided to sort out their problems in learning.

Kashi Institute of Technology took up on itself the responsibility of enriching the society through promotion of education, literature and culture. The premier status of the institution is made possible by sticking to our core-principles of student-focus, Human Resource Development and emphasis on total quality.

The College's humanitarian policy, balances professional as well as ethical values by setting a secured and friendly environment to the differently enabled individuals, conveying that people with disabilities are not objects of charity but have the same rights and dignity like any other individuals.

It is proactive, in providing equal opportunities to the disabled, for both access and accommodation at the institute. It sets an environment that the disabled persons feel the right to equal access to education, freedom from torture and the right to live with peers in the academic Community.
