**Date- 12/02/2024**

## **Notice**

All the B.Tech 2<sup>nd</sup> year students are hereby informed that depending on the slot result few remedial classes for all subjects will be arranged by the department for weak students from **12/02/2024** respectively.

Head of the department  
Department of Biotechnology

### **A) Steps taken for Slow Learners:**

- Faculty members list the non-performing students/slow learners and monitor their progress.
- Faculty coordinates with parents of slow learners to resolve their special needs.
- Mentor-mentee interactions in departments keeps faculty in constant touch with students and addresses academic and personal issues.
- Academic problems are addressed in tutorial classes (remedial sessions conducted)

### **Progress Report: -**

- In 2023-24 batches we found 8 slow learner students performance report from different faculties on the basis of internal assessment (sessional examination & PUT Examination),
- On the basis of assessment, we found above mentioned students need proper guidance & regular assessment that's why we conducted remedial classes in a week for slow learners.
- After 1 month of assessment, we found slow learner started gaining knowledge and they perform better as compared to last.

### **B) Steps taken for Advanced Learners:**

- KIT academic Scheme involves various projects/practical/programme to improve critical thinking and 'hands on' experimental work
- Semester toppers, university rank holders are felicitated on Annual Day.
- Motivated to take up leadership roles in department/society activities to develop organizational skills and to inculcate the value of teamwork.
- Students are boosted to participate in International/national conferences/seminars /workshops and make presentations, write papers.

### **Progress Report: -**

- In 2023-24 batches we found few advance learner students on the basis of class assessment report from different faculties, Class test, sessional examination,PUT examination,
- On the basis of assessment, we found mentioned students are good in academic & skills. We found they all can be a responsible with leadership quality so we assign task related to the activity, sports, event, and as representative of class.

**Date- 12/07/2024**

## **Notice**

All the B.Tech 2<sup>nd</sup> year students are hereby informed that depending on the slot result few remedial classes for all subjects will be arranged by the department for weak students from **12/07/2024** respectively.

Head of the department  
Department of Biotechnology

### **A) Steps taken for Slow Learners:**

- Faculty members list the non-performing students/slow learners and monitor their progress.
- Faculty coordinates with parents of slow learners to resolve their special needs.
- Mentor-mentee interactions in departments keeps faculty in constant touch with students and addresses academic and personal issues.
- Academic problems are addressed in tutorial classes (remedial sessions conducted)

### **Progress Report: -**

- In 2023-24 batches we found 8 slow learner students performance report from different faculties on the basis of internal assessment (sessional examination & PUT Examination),
- On the basis of assessment, we found above mentioned students need proper guidance & regular assessment that's why we conducted remedial classes in a week for slow learners.
- After 1 month of assessment, we found slow learner started gaining knowledge and they perform better as compared to last.

### **B) Steps taken for Advanced Learners:**

- KIT academic Scheme involves various projects/practical/programme to improve critical thinking and 'hands on' experimental work
- Semester toppers, university rank holders are felicitated on Annual Day.
- Motivated to take up leadership roles in department/society activities to develop organizational skills and to inculcate the value of teamwork.
- Students are boosted to participate in International/national conferences/seminars /workshops and make presentations, write papers.

### **Progress Report: -**

- In 2023-24 batches we found few advance learner students on the basis of class assessment report from different faculties, Class test, sessional examination,PUT examination,
- On the basis of assessment, we found mentioned students are good in academic & skills. We found they all can be a responsible with leadership quality so we assign task related to the activity, sports, event, and as representative of class.
