NOTICE

This is to bring to the attention of all students of MCA studying in different years

Get ready to put your coding skills to the test because tomorrow we're hosting a C Hackathon! The hackathon will run for 2 hours, and you'll have the opportunity to solve up to 10 challenging questions. Remember, the participant who correctly solves the maximum number of questions will be crowned the winner of the hackathon!

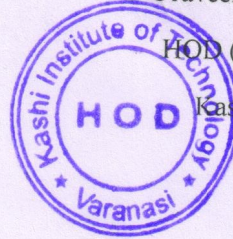

We wish all participants the best of luck! May your algorithms be efficient, your logic be sound, and your bugs be minimal. Let's code our way to success!

See you at the hackathon!

NOTICE

This is to bring to the attention of all students of MCA studying in different years

We are thrilled to announce the winner of our recent C Hackathon! After an intense competition and impressive displays of coding prowess, we congratulate the following students for their outstanding performance:

Shivam Pandey (MCA 2nd year)

A huge round of applause to our winners for their dedication, skills, and determination. Your hard work has truly paid off!

Thank you to all participants for your enthusiastic participation. We were amazed by the talent and creativity shown throughout the hackathon.

Stay tuned for future events and challenges. Keep coding and pushing the boundaries of what's possible!
