MBA I Sem, Session 2023-2024

Mentor-Mentee Report

Class-wise Mentor & mentee list has been created and under one mentor minimum of 5 to 6 students allocated for overall assessment and guidance.

The faculties of the management department resolved a maximum number of problems like college uniforms, unavailability of books in the library, Transport and AC issues, Identity cards and related errors, and Projector and HDMI cables for smart classes.

We have also used online platforms (Google Meet & Zoom) for assistance of students.

We focus on each student for career growth, and overall personality grooming for enhancing more knowledge we make a list of weak students and focused individuals like extra classes and individual assessments and faculty guides and take regular assessments of their improvement.

At the end of the session, the final assessment was done that the maximum number of problems resolved and Student's

The entire mentor's Mentors completed their tasks and responsibilities within the period.

Mentor-Mentee Report

MBA II Sem, Session 2023-2024

The mentoring system is introduced in the Management Department with the sole purpose of catering to the needs of the students on the academic and personal levels. The mentoring system is thus an essential feature to render equitable service to students coming from different backgrounds.

The mentoring system in the Institutes provides support to the students through advice, counselling, friendship building, re-enforcement, and constructive role modelling.

Thus, mentoring expands beyond teaching to advancement in the educational and personal growth of the mentee.

We have also used online platforms (Google Meet & Zoom) for assistance of students.

Aims and Objectives

- ❖ To bridge the gap between the mentor and the mentee.
- ❖ To ensure the quality performance of the students in academics.
- ❖ To deal with the related issues for the holistic development of the students.
- ❖ To provide mutual support and a congenial learning environment.
- ❖ To inspire and motivate for higher studies and competitive examinations.
- ❖ To discuss stress-related issues.
- ❖ To regulate academic involvement and assess the outcome.

Mentor-Mentee Report

MBA IV Sem, Session 2023-2024

The mentoring system is introduced in the Management Department with the sole purpose of catering to the needs of the students on the academic and personal levels. The mentoring system is thus an essential feature to render equitable service to students coming from different backgrounds.

The mentoring system in the Institutes provides support to the students through advice, counselling, friendship building, re-enforcement, and constructive role modelling.

Thus, mentoring expands beyond teaching to advancement in the educational and personal growth of the mentee.

We have also used online platforms (Google Meet & Zoom) for assistance of students.

Aims and Objectives

- ❖ To bridge the gap between the mentor and the mentee.
- ❖ To ensure the quality performance of the students in academics.
- ❖ To deal with the related issues for the holistic development of the students.
- ❖ To provide mutual support and a congenial learning environment.
- ❖ To inspire and motivate for higher studies and competitive examinations.
- ❖ To discuss stress-related issues.
- ❖ To regulate academic involvement and assess the outcome.
